

AVIATION CONSULTING & SERVICES

What makes MACH1 different is that we tailor our service to support your needs however big or small that might be. We do not offer just part of your requirements; we can meet your needs from start to finish. From helping you find a suitable aircraft, ensuring the aircraft is fit for purchase all the way through to helping you bring this aircraft into service with the infrastructure to operate successfully.

NEW AIRCRAFT DELIVERY SUPPORT

Our experienced team can help you take delivery of your new product. Ensuring the aircraft is delivered to meet the highest of standards.

PRE-SALES CONTRACT INSPECTION

Before entering into a costly sales contract MACH1 can dispatch a representative to perform a detailed inspection of the potential aircraft. We will provide a detailed report of the aircraft with high-definition pictures, a list of potential costly defects, a review of aircraft paperwork and logs, and an estimate of upcoming maintenance costs. This will provide you with the knowledge you will need to decide whether to proceed with the purchase and areas to negotiate the sale price.

INITIAL & RE-REGISTRATION

Following the purchase of a new or used aircraft, MACH1 can support in placing it on the registry of your choice. MACH1 has the capabilities to perform tail number changes and issuance of a new certification or airworthiness and registration. Whether you need the aircraft imported and issued a new certificate of airworthiness or exported and an export certificate of airworthiness issued, MACH1 has your needs covered.

FLIGHT ENGINEER SUPPORT

If you have an upcoming trip to parts of the globe lacking in maintenance support, MACH1 offers a flight engineer service where one of our experienced team members can fly on board with your crew and be there to prevent any unnecessary missed trips.

ENTRY INTO SERVICE

Taking delivery of a new aircraft type is never easy and filled with hurdles. We can provide support and training to ensure a smooth transition of the aircraft into service and avoiding unnecessary delays and missed trips for the aircraft owner. With on-site support, we can help advise how to set up your operation with the correct tools and knowledge to successfully maintain your aircraft.

PRE-PURCHASE INSPECTION REPRESENTATION

Aircraft pre-purchase inspections are never straightforward with numerous grey areas. We offer onsite representation during this process to ensure a smooth transition or ownership where defects are addressed correctly and billed to the correct side.

MAINTENANCE INPUT REPRESENTATION

MACH1 offers onsite support during your aircraft scheduled or unscheduled maintenance at a service center location. Having a MACH1 representative will ensure all defects are worked correctly and resolved, correct and accurate billing of labor hours, warranty items are not billed, aircraft are worked in a timely manner and the scheduled out date is not missed.

As well as the services listed above MACH1 offers AOG support and aircraft management. Please visit our website or contact us via email or phone for further details.
